Reasons for Allowance/Examiner's Comments

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: none of the prior art either alone or in combination disclose or teach of the claimed combination of limitations to warrant a rejection under 35 USC 102 or 103. Specifically, with respect to independent claim 1, none of the prior art either alone or in combination disclose or teach of the claimed colored contact lens specifically including, as the distinguishing feature in combination with the other limitations, the claimed at least 1000 discrete generally uncolored regions being sufficiently small such that an ordinary viewer (as defined in the claim) cannot detect the presence of any of the 1000 generally uncolored regions from a distance of sixteen inches as claimed.

Examiner's Comments

For applicant's information, the 112 rejection of claim 2 set forth in the prior office action has been withdrawn based upon applicant's arguments of November 15, 2004 which were persuasive in reference to this 112 rejection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
